Thank you for another great Snowbird season

By John Koning

Thank you, merci, gracias, vielen dank, takk, go raibh maith agat, děkuji and спасибо.

There are as many ways to say it as there are cultures represented here, but the message is the same. We appreciate your support during this, our sophomore Snowbird season!

This Snowbird season has been a busy one here at On Top of the World. We have tried a variety of exciting and entertaining trips and events. Some were more successful than others and we've taken note of both. We are grateful that you've entrusted us with your entertainment and travel needs.

We have some great ideas percolating in our Snowbird brains - many of which will soon be available to peruse on our Website at www.snowbirdsotow.com. Most notably we are excited about our Christmas cruise sailing out of Fort Lauderdale this December, bound for the southern Caribbean.

We are looking forward to another season of dining and entertainment with our friends at Ed Fletcher's dinner theater. Our reputation as a reliable repeat customer will undoubtedly secure us good seats again next season.

Some of the Snowbird Club volunteers.

We will keep our ears to the ground, looking for the best entertainment values available at Ruth Eckerd Hall and Largo Cultural Center. We promise to pass on the deals to you, our Snowbirds Club members.

If you are migrating north, we wish you safe travels. If you are staying here, we wish you sunny days and cool nights. Wherever you are and whatever you're doing, we wish you well and we look forward to sharing another season with you next fall.

Of course, none of what we've done could have been accomplished without the selfless efforts of our dedicated team of volunteers. These individuals from Clearwater, and a wide variety of other destinations, are the engine that powers the Snowbirds Club.

Thanks to all of you. Have a great summer!
